These clothes are bad for making fire...

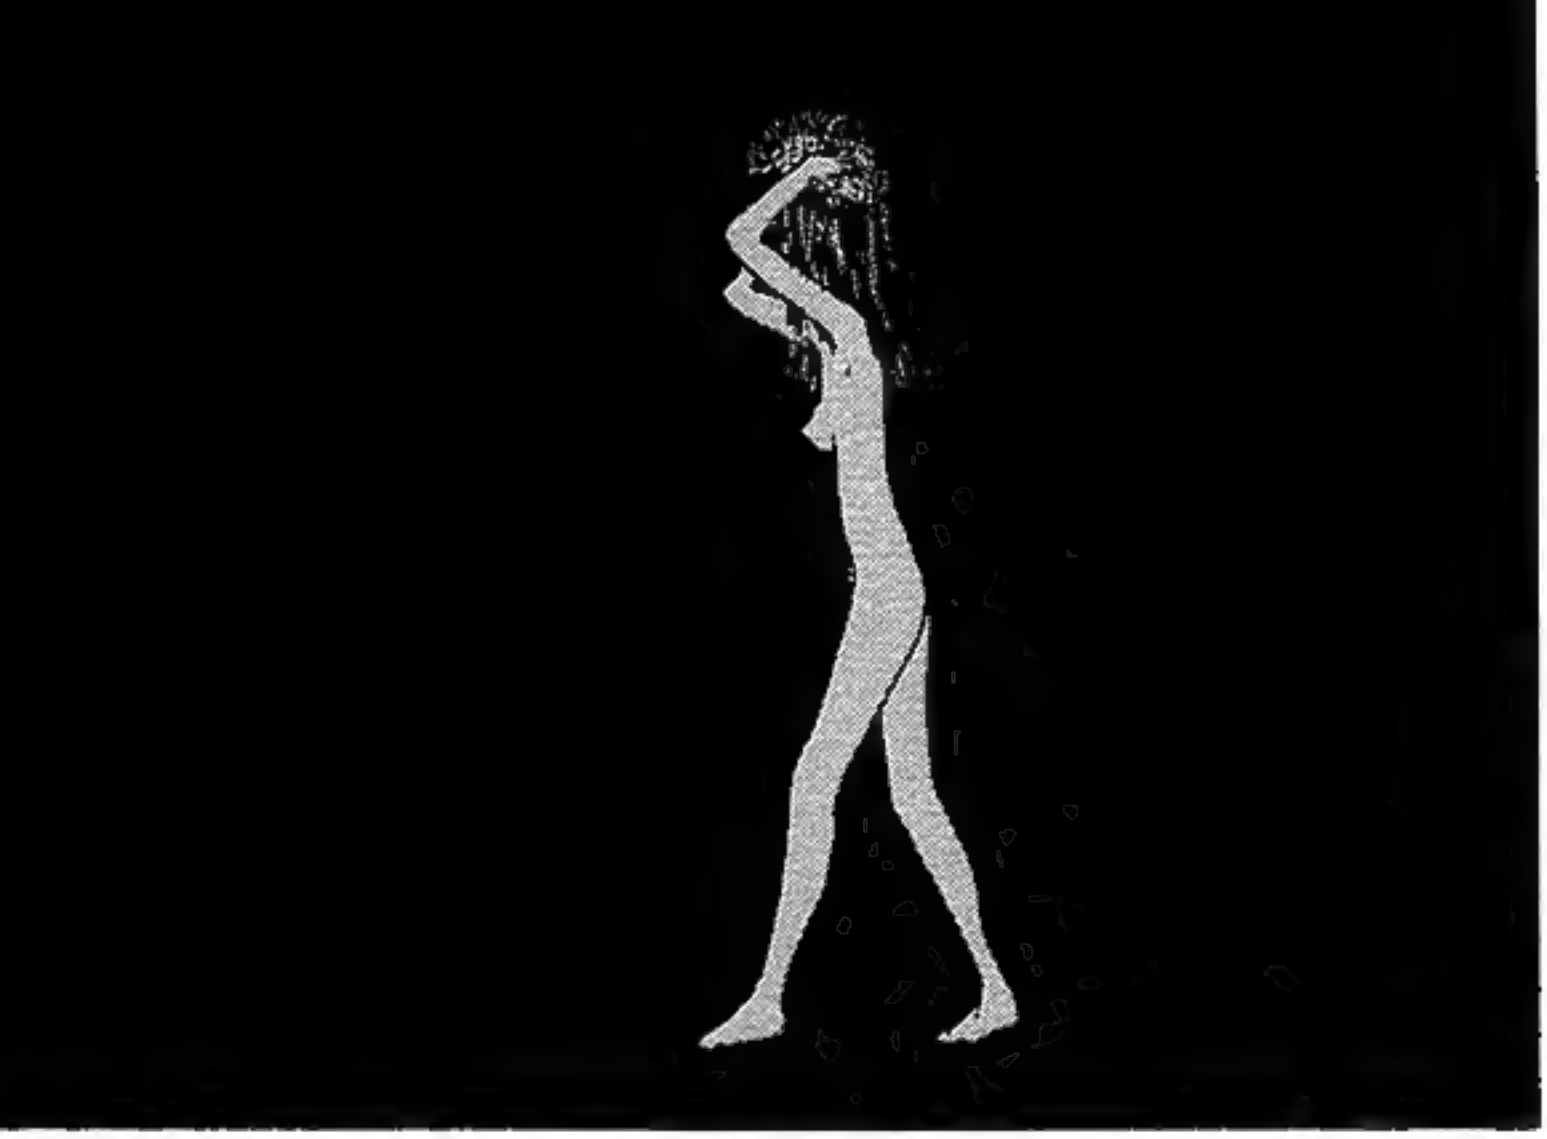
And they were expensive

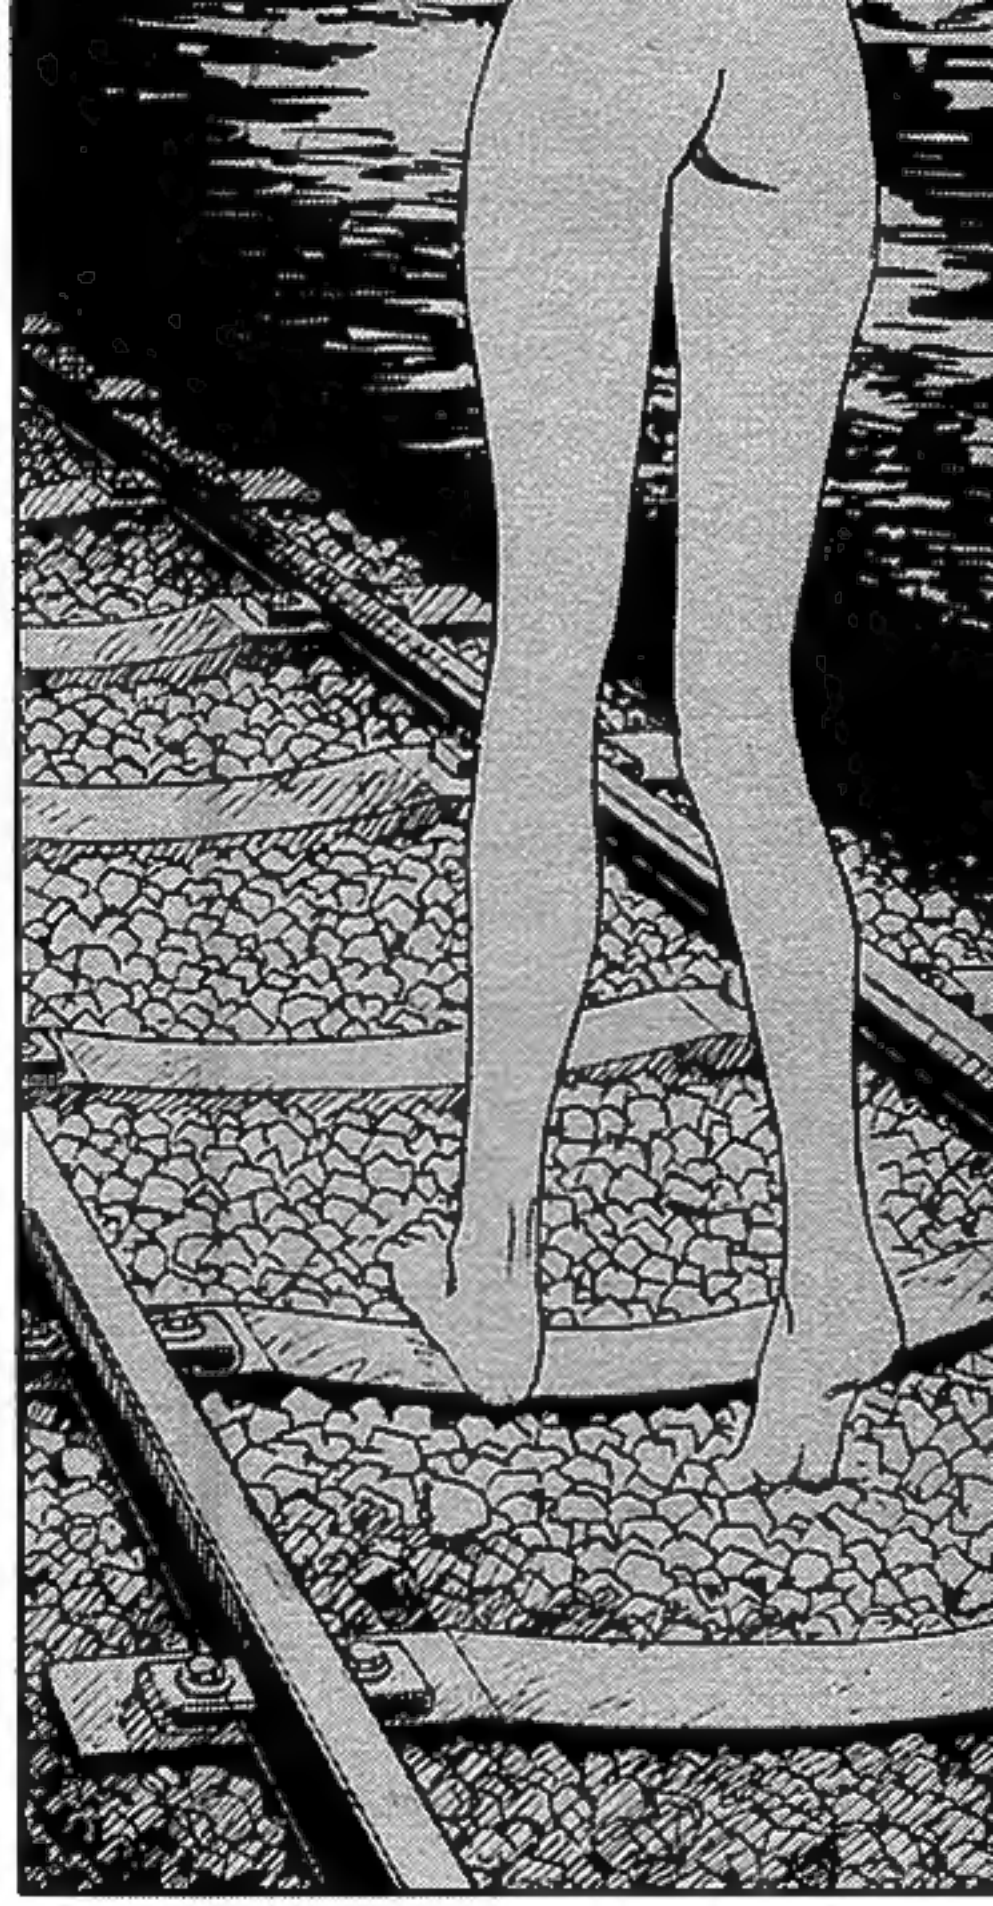
They'll burn up in no time

They need to last as far as the exit

Oh...

It went out...





Awww

Why did I even get off?

Because that's how things look from your point of view..

Well yeah, that's how it is

You've gotta get out of the well and see and hear things for yourself

Once you put things together for yourself, there's no going back

whenever you see something with your own eyes, you decide for yourself..

In the end, you're an utterly self-centered frog

That's just stupid

You can't go around denying the lives of others

There's no substitute for your own experience. Well, it's your own individual taste, so it's fine

I too am a nobody from a fatherless family

I can't agree

Uh .

You're tearing it---!

Ayayayaya Hang on a sec

Ow! Ow! Ow! Ow!

Owie. You're awful, geez ..

Oh sorry, it's nothing

...So, what were we talking about?

Oh, you're back?

Good work

It says here, "I've sent along a gift of exceptional jerky"...

Huh...?

How nice for you

You ate it, didn't you? On the way over

...well, you're a letter-carrying cat

Not a food-carrying one

[題字:二宮ひかる]

Me, at the top of the tower.

One cat.

The stairs below are still dark.

A half-open window.

and more food than I know what to do with

lots of alcohol,

Lots of water,

...

I drink ...

I eat,

Every day it's the same thing

...And I sleep.

Where did you come from?

Who are you?

Huh?

since you're a cat?

You can see down there,

I see.

Unnh
...

Ow
ow
ow...

So should I make the trip back up again or not..?

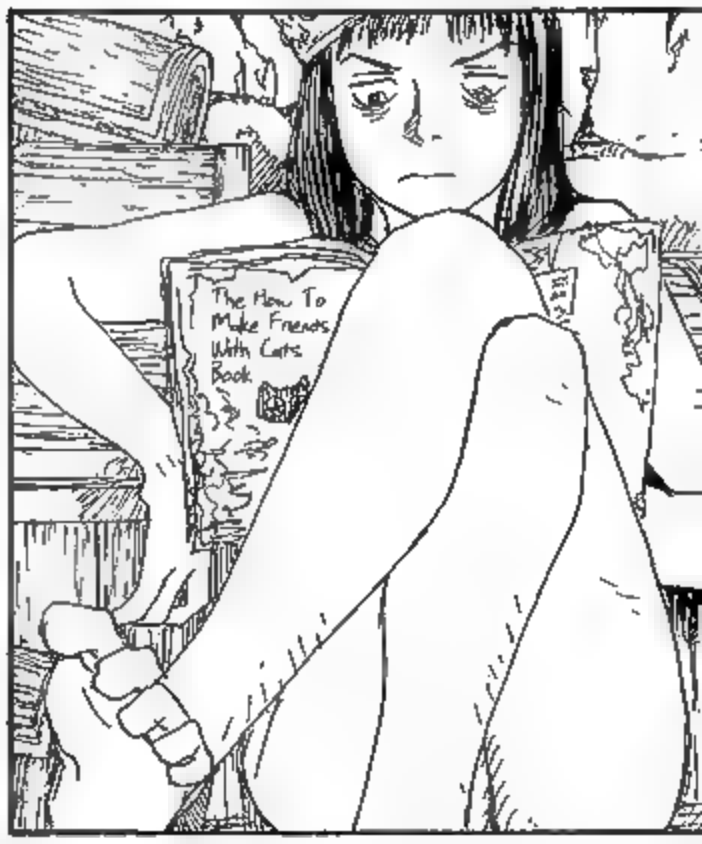
So you want to make friends with cats, do you?
Bring them in by giving them their favorite snack
The secret is SILVERVINE
It'll make cats relax,
and come rub up against you,
and eliminate feline stress
So by all means,
give it to them and try it out
It's called the Silvervine Dance



Silverine basically an Asian catnip-like product, only it works much better

SILVERVINE
Powder, 2%

Once they have eaten it they'll go into an excited state, but don't give them too much. If they eat too much Silverine, they may go berserk
